

OCTOBER 2018 — SANT CUGAT DEL VALLÈS

2018 Sponsorship

WHY SPONSOR

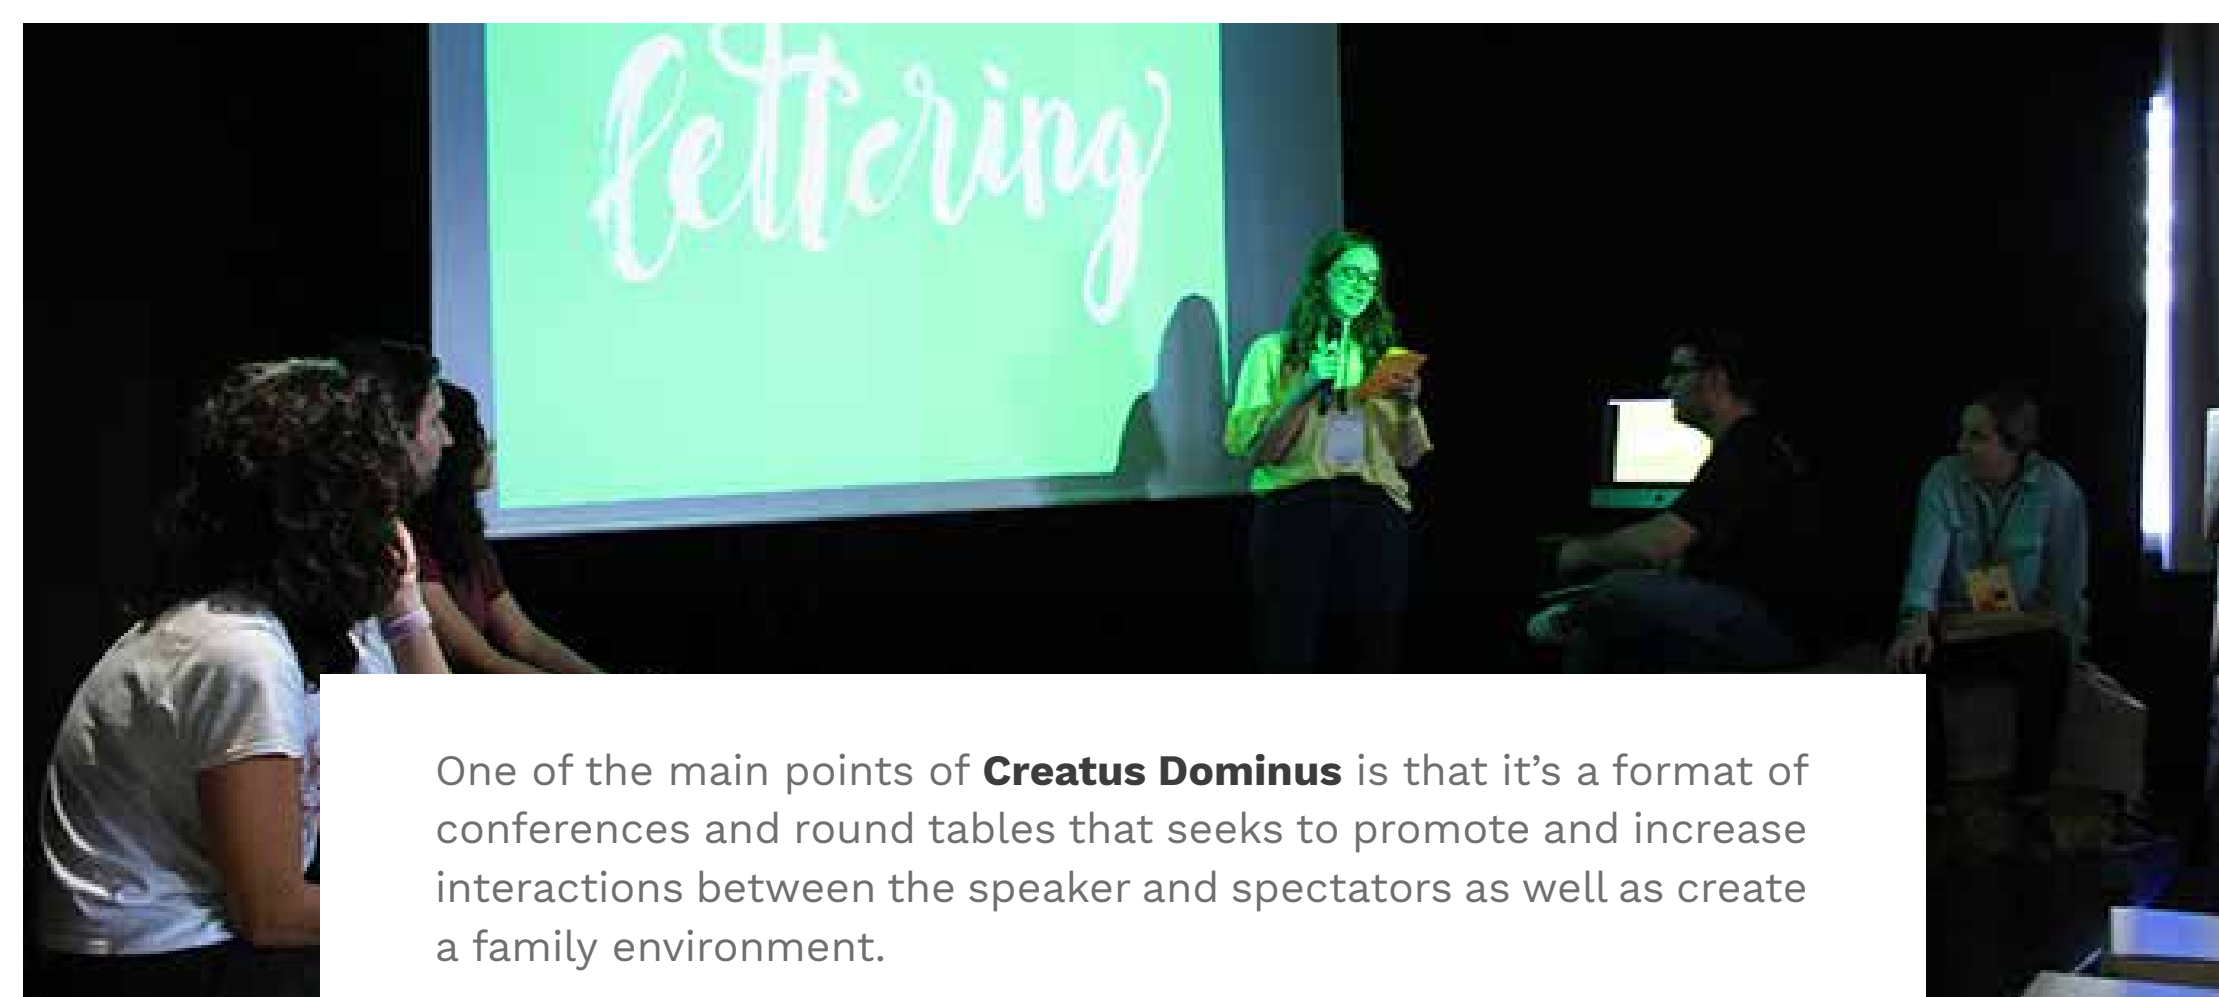

Creatus Dominus?

Creatus Dominus attracts designers and entrepreneurs from different parts of the Spanish geography. Our attendees work in large multinational companies as well as in start-ups, although we also find entrepreneurs who have their own company and students who are just beginning to take their first steps in the labour market.

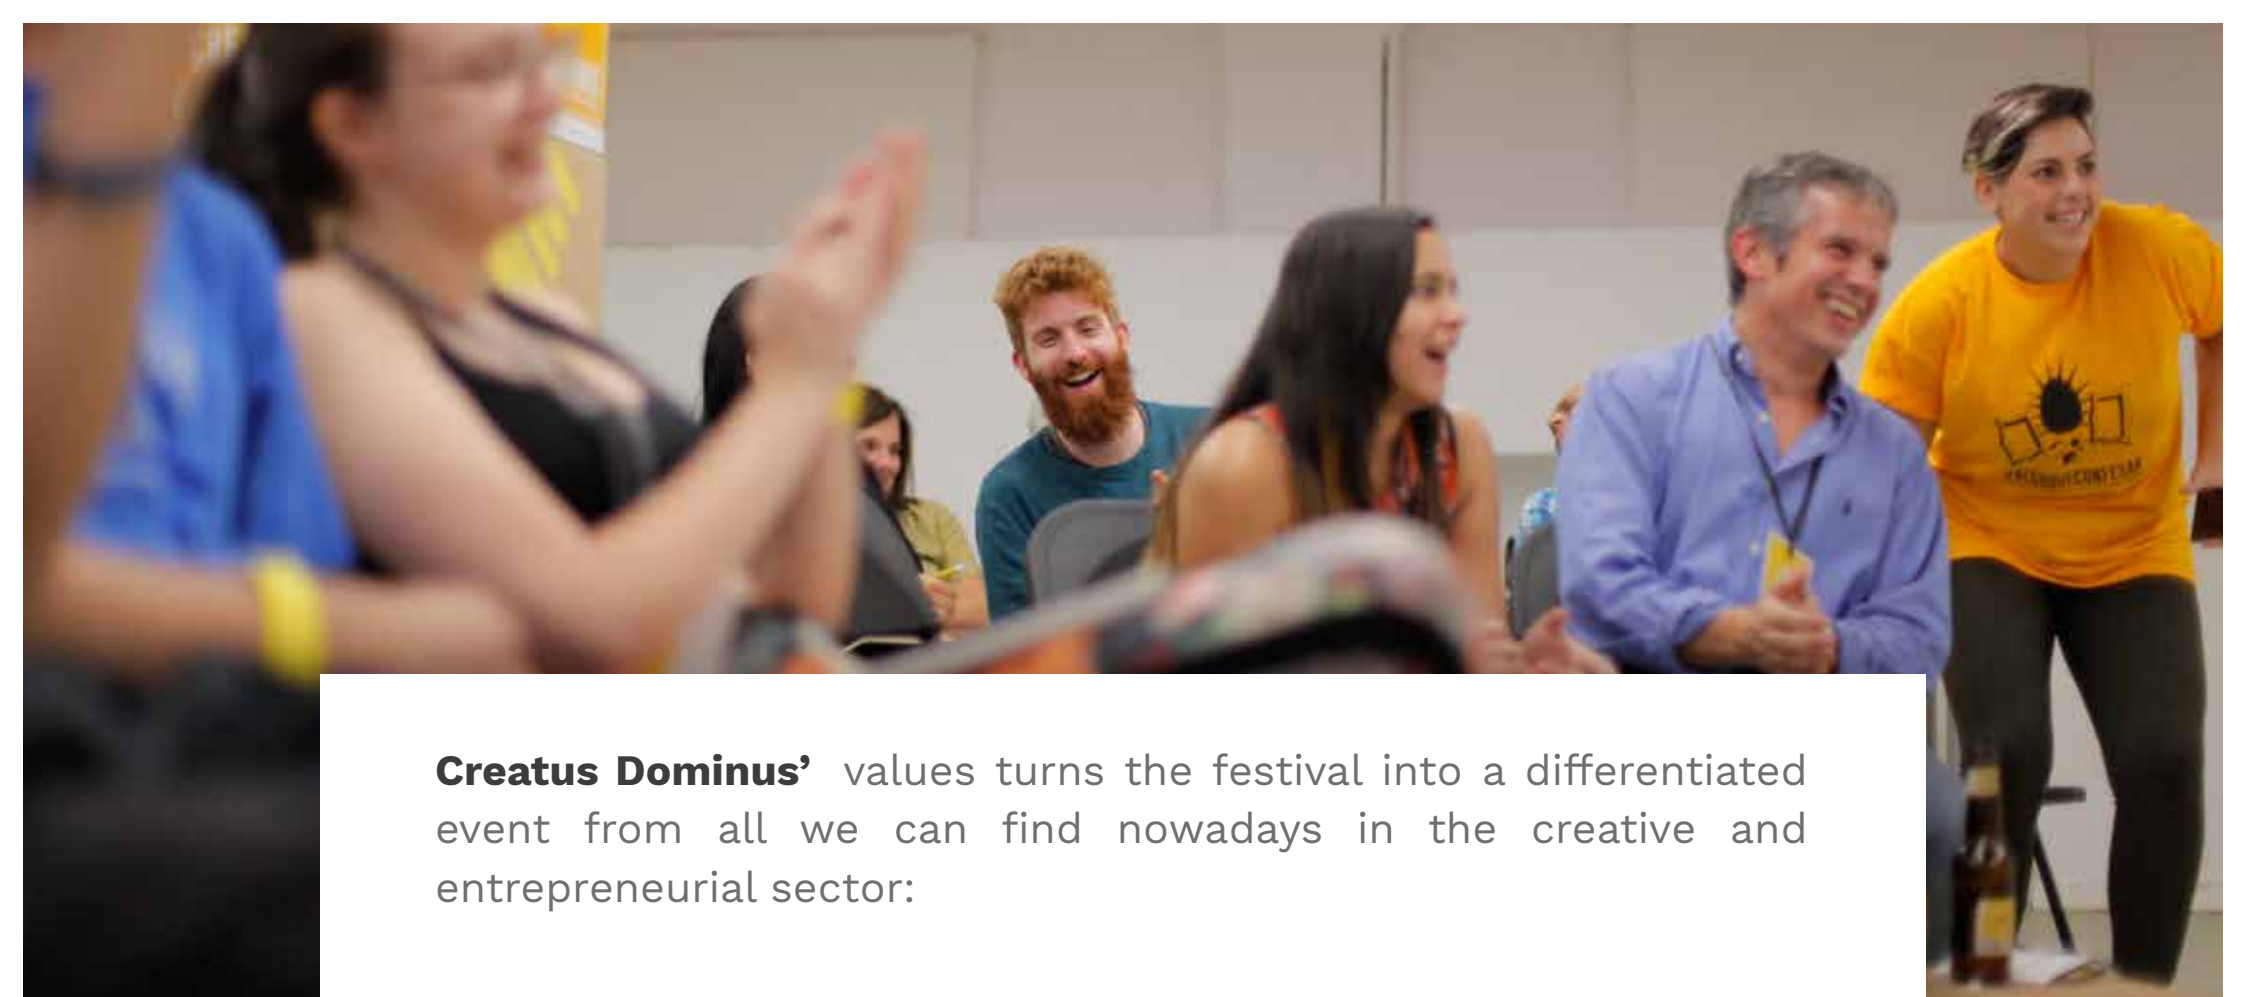

In **2018** we plan to **increase our attendees by 25%**.

53% DESIGNERS / **26%** ILLUSTRATORS / **21%** ENTREPRENEURS

One of the main points of **Creatus Dominus** is that it's a format of conferences and round tables that seeks to promote and increase interactions between the speaker and spectators as well as create a family environment.

Our activities last **an average of 60-90 minutes**, with breaks of 30 minutes between them so that attendees have time to talk to each other and discuss and share ideas.

Creatus Dominus' values turns the festival into a differentiated event from all we can find nowadays in the creative and entrepreneurial sector:

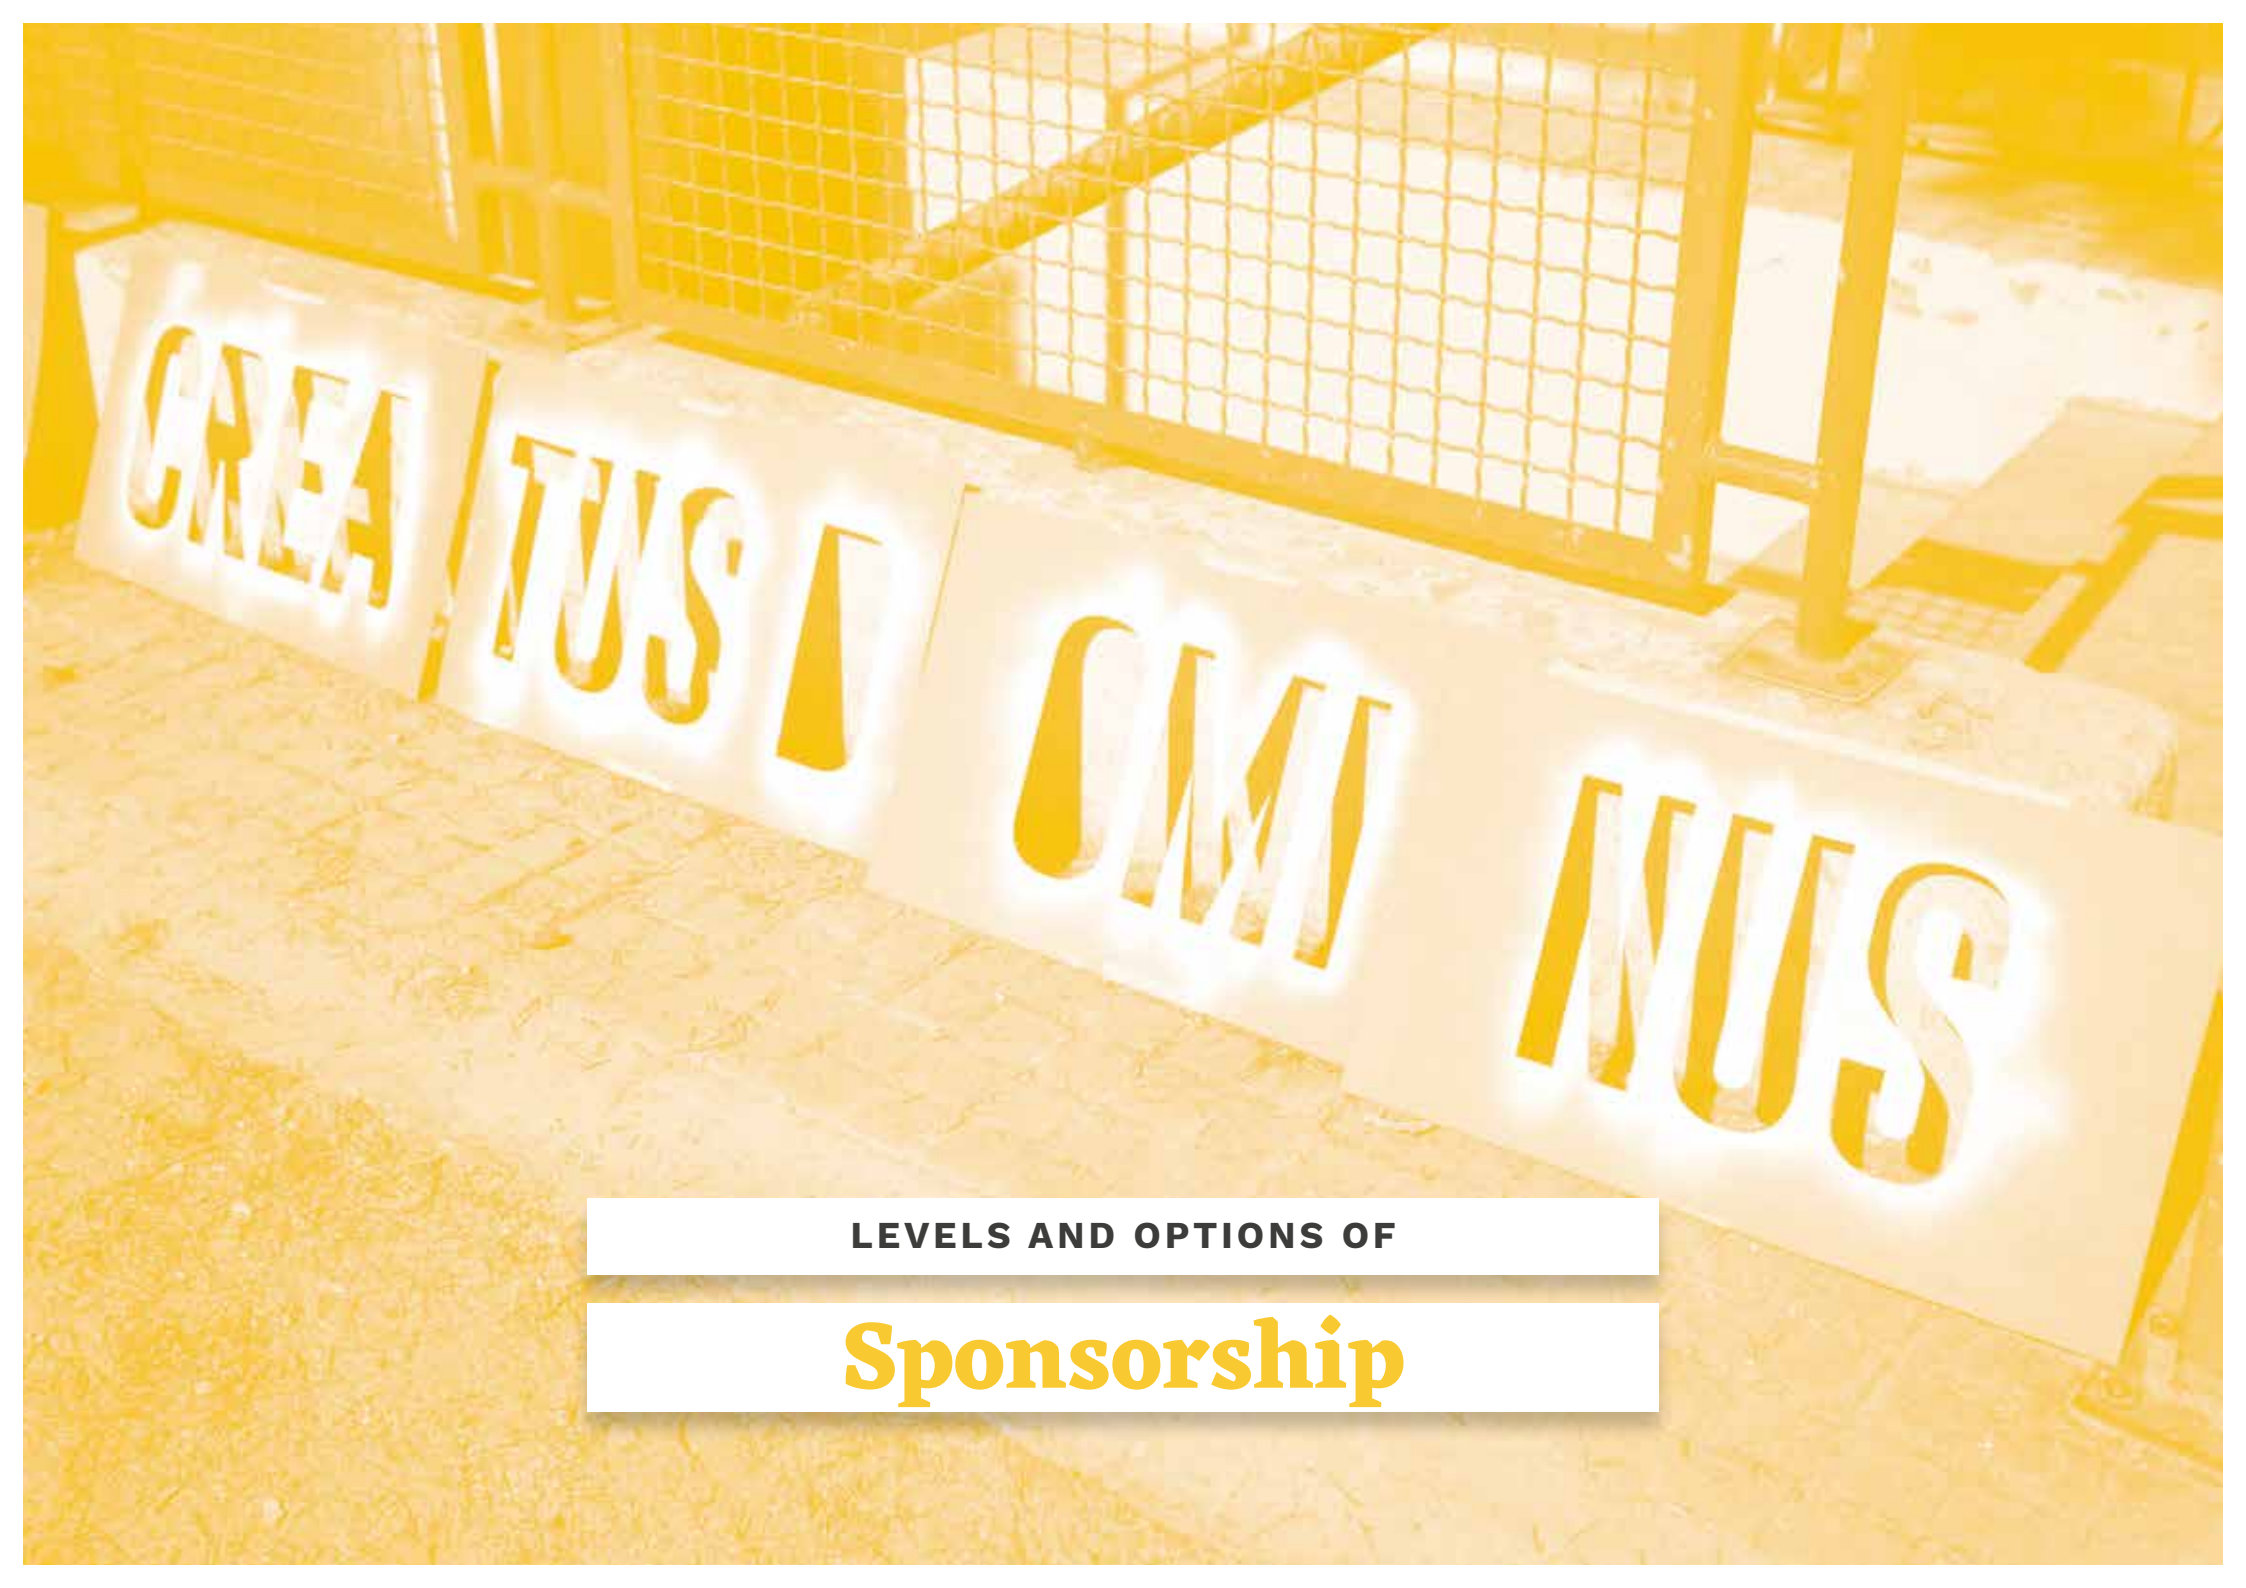

- & 100% free event
- & Promotes knowledge, learning and different point of views
- & Family and close atmosphere
- & Brings attendees to the professional world
- & Promotes new technologies and software

Creatus Dominus 2018 will be **our fifth edition** and we want to celebrate it in style with a program that is up to par:

- & App design, wireframing and prototyping
- & User Experience
- & Traditional illustration
- & Robotics (Arduino)
- & Digital illustration (infographics design)
- & Marketing for entrepreneurs
- & How to build and grow your own studio

AND MUCH MORE!
